

Rotary District 5360 Scholarships

February 26, 2011

Matching Undergraduate Scholarships

2011/12 will be the second year of this initiative

\$15,000 will be available

For students completing high school in 2012 and beginning post secondary study, including Trades Apprenticeship programs, in the 2012/13 Academic Year

Clubs can apply for a grant award in the range of \$250 - \$1000 which they must then match with club funds

Can create a single scholarship of \$2000, two scholarships of \$1000 each or four scholarships of \$500 each

Scholarship can be more than \$2000, but only \$1000 supported by District (i.e. Club sponsors \$3000 + \$1000 = \$4000 scholarship)

Clubs are free to establish scholarship eligibility criteria that best suit their particular community and high schools or leave it up to the high schools they are collaborating with to establish the criteria.

Clubs should submit an application by May 16, 2011 (online form on District website) and will be informed of the result before June 30, 2011.

Over subscription – should the committee receive applications for more than \$15,000, a random draw will be made to determine the successful clubs. Unsuccessful clubs will be notified that they will be given priority in the following year's scholarship program. Each club's submission will be considered as one, regardless whether the intent of the club is to create one scholarship or up to four scholarships.

Under subscription – un-awarded funds will be reallocated to other types of District Grants.

Global Scholarship Scholarship

Scholarship was awarded in September, 2010 for study in the 2011/12 academic year.

Scholarship is for \$30,000 if approved for a matching Global Grant

There are insufficient funds at District level to offer a scholarship for 2012/13 academic year.

A decision will be made in the spring of 2011 to determine if a scholarship will be offered in the 2012/13 Rotary year, for study in the 2013/14 academic year.

If a scholarship is offered in the 2012/13 Rotary year, the application deadline would be August, 2012.
